# An **Award Winning** **Airfreight** service for **Fresh Goods**

With our DB SCHENKER*jetcargo fresh* product, DB Schenker's global network provides a seamless, time-defined and cost-effective solution for perishable consumer goods.

DB SCHENKER*jetcargo fresh* allows you to concentrate on what you do best – delivering fresh produce to your customers. We put you in an exclusive position enabling you to achieve maximum results in your field of business. Ensuring your goods arrive fresh and unspoilt, anywhere in the world.

In January 2008, our perishables product won the BIFA Freight Services Award for Airfreight. The judging panel commented that we exhibited a combination of both ingenuity and attention to detail in our delivery of an industry-leading transport solution for fresh perishable products out of the UK.

They also announced that our dedication to providing a bespoke service to the Scottish salmon producers has yielded far-reaching benefits to not only that industry but all those end consumers who enjoy fresh British produce around the world.

So, whether your product is fish, vegetables, exotic fruits or cut flowers, DB SCHENKER*jetcargo fresh* will reliably meet your individual needs.

**Fresh on Your Table.**

# About DB Schenker

## Global competence in logistics

DB Schenker combines all transport and logistic activities of Deutsche Bahn employing over 88,000 staff in around 2,000 locations throughout 130 countries. With turnover of some 18 billion Euros, we are a leading company – both in Europe and worldwide.

DB Schenker is one of the leading globally integrated logistics service providers and has a leading goods transport rail network at its disposal. DB Schenker stands apart with its extensive network of locations in the world's most important economic regions, in air and ocean transport, in European land transport, in contract logistics as well as in supply chain management.

With this very special combination, we can provide quick and efficient solutions for the most varying of client requirements.

International markets grow together and outsourcing of complete service packages gains ground. As a result of such trends, not only does the requirement for transport increase, but also the demands placed upon partners.

### **DB Schenker is for many companies a strong partner:**

- No. 1 in Europe in rail freight
- No. 1 in Europe in combined transport
- No. 1 in Europe in land transportation
- No. 2 worldwide in air freight
- No. 3 worldwide in ocean freight
- No. 6 in global contract logistics

With top positions in all important markets, DB Schenker offers a solid presence on the world market.

Superb onsite locations in around 2,000 towns and cities worldwide.

# You're concerned about transit time, cost, capacity, capability... ...but above all your product

**Allow us to give you a cool-chain solution that will strengthen your company's performance.**

DB Schenker's global network ensures seamless time-defined and cost-effective solutions for perishables.

Our DB SCHENKER *jetcargo fresh* service effectively becomes an extension of your own shipping department allowing you to concentrate on what is important to you, your customers.

DB Schenker will assist in positioning your company to maximise all business opportunities, wherever and whenever they arise.

Whether it's fresh fish, vegetables, exotic fruits, or fresh cut flowers, DB SCHENKER *jetcargo fresh* will satisfy all your specific requirements.

# Adding Value to Your Business

From carrots to customs clearances, flowers to finished products, salmon to storage, whatever your needs are, DB Schenker can handle them. Utilising this facility will add value to your perishables business.

## Overview

From the designated perishable handling centre at London Heathrow, we are able to offer a comprehensive range of cool-chain services.

Open 24 hours a day and 365 days of the year, this fully temperature controlled facility is designed to help you reach your markets faster and keep your products fresher.

On arrival your consignment is carefully handled in a controlled environment until ready for despatch to their final destination.

Adding value to your business through supply chain integration bringing together all of the required distribution processes into one state-of-the-art facility means savings on time and improvements in quality.

## Facility Information

**Capacity** - 69,000 sq.ft (6,410 sqm)

**Accessibility** - Open 24 hours a day, 365 days a year

### Collection and Delivery

**Speed** - 13 dock-level doors including 3 ULD moving truck docks

**Storage** - Over 80 ULD positions

**Cold Storage** - 5 Individual cold stores

**Quick Chilling** - 2 Blast coolers

**Temperature** - Management System ranging from 3-15° /37-59°F

From the Perishables Handling Centre the full range of services available includes...

### **Build and Break**

Three build and breakspurs lead to latest mobile aircraft pallet handling equipment to ensure quick, safe and efficient build, breakdown and sorting of ULD's.

### **13 Dock-Level Dispatch Doors**

Ensures faster collection and delivery.

### **ULD Storage Area**

Fully refrigerated facility catering for up to 80 ULD's that ensures your product remains cool while awaiting collection or delivery.

### **Cold Stores**

Five 102sq.m/1,100sq.ft chambers offering a range of chill temperatures for optimum freshness.

### **Blast Chillers**

Two blast coolers ensure immediate chilling of produce following breakbulk and sorting. Each cooler provides 40 skid pallet positions.

### **Customs Clearance**

On-site by skilled staff in a fully customs bonded environment.

### **EU-approved Border Inspection Post (BIP)**

Segregated and chilled environment enables all statutory health inspections to be carried out irrespective of product type, 24 hours a day.

### **Quality Control and Packhouse**

Skilled staff on-site dedicated to ensuring consignments meet delivery schedules with the aid of a fully computerised stock control system.

### **Finished Products**

Produce prepared for customer consumption and 'shelf life' tested.

### **Flower Store**

Dedicated store to allow product segregation and prevent spores from pre-ripening or damaging fruit.

### **Labelling & Order Picking**

Facility for effective direct customer distribution.

### **Distribution**

Ability to pack ready for refrigerated distribution to retailers.
